- Developing leadership

What makes a Great leader?

Leader	Why	Example

What must a leader do?

As a leader, your main priority is to get the job done, whatever the job is. Leaders make things happen by:

- knowing your objectives and having a plan how to achieve them
- building a team committed to achieving the objectives
- helping each team member to give their best efforts

... but a leader must first know themselves

- know your strengths and weaknesses so that you can build the best team around you
- have a self confidence that allows you to trust your team
- realising that you do not know everything and engage others to give you feedback

Leadership Qualities

Quality	Why or What does it mean?	Example
